Be it enacted by the General Assembly of the State of Missouri, as follows:

Section 1. The term and words "motor vehicles," as used in this act, shall be construed to mean all vehicles propelled by power other than muscular power, except traction engines and such vehicles as run only upon rails or tracks; the terms and words "business portion of any city, town or village," as used in this act, shall be construed to mean the territory of a city or incorporated town or village contiguous to a public road or highway, which is at that point principally built up with structures devoted to business; the terms and words "auto drivers" shall be construed to mean any person operating a motor vehicle as mechanic, paid employe, or for hire; the terms and words "public highway," or "highways," as used in this act, shall be construed to mean any public road, thoroughfare or highway, county road, township road, toll road, or any public street, avenue, alley, parkway or other places generally used for public travel, driveway in any city, town, village, county or township or other municipal corporation or poltical subdivision in this state.

Sec. 2. Every person in this state now owning or hereafter acquiring a motor vehicle shall, for every motor vehicle owned by him, file in the office of the secretary of state a statement con-

taining his name and address, a brief description of the motor vehicle to be registered, the name of the maker, factory number, style of vehicle and motive power, on a blank to be prepared and furnished by said secretary of state for that purpose. Upon the filing of said statement, the secretary of state shall register such motor vehicle in a book, to be kept for that purpose, and assign it a distinctive number; and upon payment of the fee, as hereinafter provided, shall forthwith issue and deliver to the owner of such motor vehicle a certificate of registration and a seal of aluminum or other suitable metal, which said seal shall be circular in form, approximately two inches in diameter, and shall have stamped thereon the words "Registered motor vehicle No. ——, Missouri motor vehicle law," with the registration number inserted therein, which seal shall thereafter at all times be attached to the motor vehicle to which said number has been assigned. The certificate of registration shall contain the same words and number as the seal, and shall further contain the name of the owner of the vehicle so registered, as aforesaid, his address, the name of the maker of said vehicle, factory number, style and motive power, the date of registration, and the page of the book in the office of the secretary of state in which the same is registered. For such registration and issuing of such certificate and seal a fee of five ($5.00) dollars shall be paid to the secretary of state. The proceeds of the license required by this act shall be for the benefit of the "good road fund."

Sec. 3. Upon the sale of any motor vehicle registered in accordance with this act, except by a manufacturer or dealer, its registration shall expire and the seller shall, within ten (10) days of said sale return to the secretary of state the certificate of registration and the seal, together with notice of the sale and of the name, place of residence and address of the purchaser.

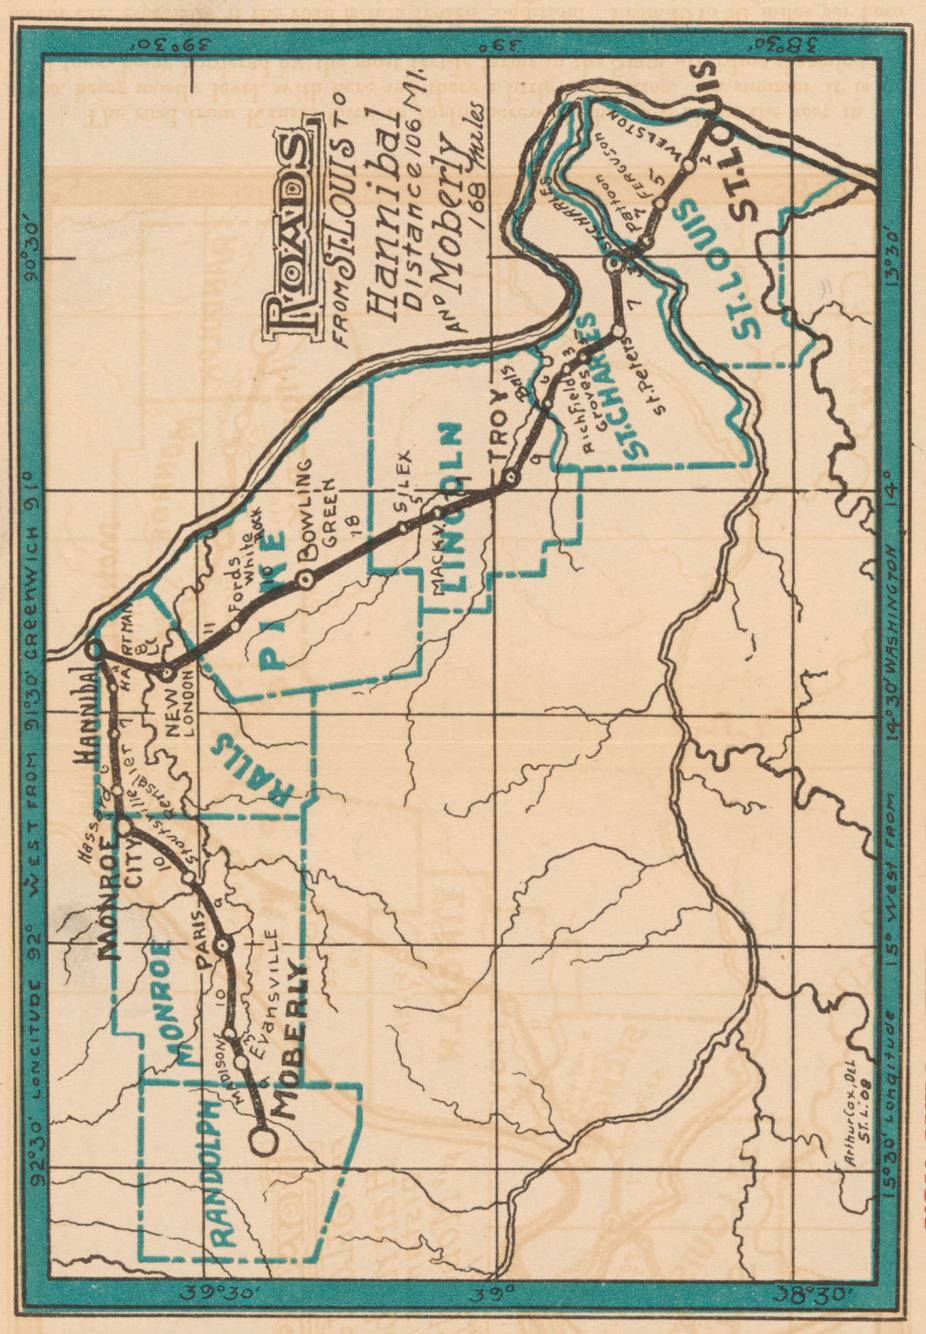
No. 3.—"S" Curve on Clayton Road.

No. 4.—Hill on Clayton Road, just beyond Death Valley.



The road from Kansas City to Joplin herewith shown is about the best in the State, being mostly level, with here and there a little undulating. In summer it is an ideal tour, being bordered by the most fertile farms in the State, affording charming and refreshing scenery. In mid-winter the entire distance of this road is easily traveled by motor car, especially if the road is in a frozen condition. From 40 to 50 miles per hour has been made on this road in mid-winter. The route, as herewith shown, from Sedalia to Joplin, is not as good as the road from Kansas City to Joplin. It is quite hilly in stretches, but the scenery is rustic and charming. The distance by this route is much longer, the course being devious, but for a romantic tour it is very alluring.

THE DELIGHTS OF MOTORING OVER THE STEEP HILLS OF THE DE SOTO ROAD

The now famous Jefferson county hills were discovered by six members of the defunct Frisco Club in 1883.

Since the wonderful coasting trip through the country has been looked forward to with enthusiasm by St. Louis automobilists and wheelmen. A. C. Hinchey kindly reports: The Lemay Ferry (De Soto) pike extends from Carondelet (South St. Louis) to De Soto, 45 miles southwest. On the first 15 miles to the Meramec River the grades are but ordinary in size; after leaving the river the road leads via Maxwell. 18 miles over a series of long hills ,the steepest of which are found near Bulltown (Antonia,) 25 miles from St. Louis. From Bulltown to Hillsboro, 12 miles, the grades are nearly as startling; from Hillsboro to De Soto, 8 miles, the hills are more moderate. De Soto to Valle's Mines, on county line, 8 miles southeast, level, gravel, but is a creek road only good in the best of weather. Valle's mines to Bonne Terre, 12 miles, roads almost unridable, good place to foot it, Bonne Terre to Farmington, 14 miles. These roads are very bad except in the driest weather, and are hardly ever used by wheelmen. De Soto southwest to Potosi, 25 miles, dirt road, hilly and fair. Hillsboro to Victoria, 4 miles; Victoria northeast to Hematite, 3 miles; Festus, 12 miles, hilly and bad; Festus southwest to Avoca, 28 miles, dirt ridge road, bad, very hilly. Peter Moor road extends from De Soto to Richwoods, 19 miles west; the first 4 miles to Moor's farm the road is fine, good gravel, medium hills and good place for coasting. Moor's Farm to Fromet, 6 miles, very good in dry weather, Fromet to Richwoods, 9 miles, roads are fair; Big River Creek ½ mile beyond Fromet, not bridged and hard to ford. Antonia (Bulltown) to Montesano Spring, east 10 miles; there is also a crossroad running from the Maxville to Antonia road, starting about 7 miles south of Maxville, east to Montesano Springs, 8 miles. Hillsboro to Hematite, 5 miles very bad and rocky; to Crystal City, 9 miles, same kind of road. Morse's Mills to Hillsboro, 5 miles, to De Soto, 13 miles. This is a very good road in dry weather. De Soto southwest to Vineland, 5 miles, clay and rock, a few bad hills. Clay roads get very hard in good weather and make very good riding. De Soto southeast to Avoca, 6 miles, creek bottom; have to cross the creek several times, no bridges; thence northeast to Rush Tower, on the river, 22 miles; first 12 miles, fair, the rest is composed of rocks, stumps, and very bad hills. There is also a road from Oakville, St. Louis County, direct south to Montesano Springs, 15 miles. Fenton, St. Louis county, southwest to High Ridge, 7 miles; House's Springs, 12 miles, to Morse's Mills, 25 miles. About 13 miles south of High Ridge, a road runs west to Ditmer's Store, 3 miles, and to Calvy, Franklin county, 18 miles. Morse's Mills, west to Hemker, Franklin county, 15 miles. De Soto west to Fromet, 10 miles, and to Richwoods P. O., Washington county, 30 miles. Vineland south to Old Mines, Washington county, 18 miles. Hillsboro southwest to Fromet, 16 miles. All these roads are in the county, but where the condition is not mentioned we could find nothing in regard to same, and they are simply given to show wheelmen and autoists how to make connections between various points if they wish to get across.

INDEX AND POPULATION.

This Map will be better appreciated when it is stated that there are shown on its face somewhat more than two hundred and Towns — not to mention Railroads, Mountains, Lakes and Rivers — than can possibly be printed in this compact Index.

Note the letters and figures in the Map-borders, midway between parallels and meridians; the letter and figure after each Name indicate in which one of the small squares made by the meridians and parallels the Name will be found.

All Populations of incorporated places, as reported in the official Census of 1900, are here given; those marked "a" are not reported in the Census, but are from the best local authorities.
